PROFESSIONAL SUMMARY

Applied Economics student at EUBA seeking a Data Analyst / Data Analytics Internship in Slovakia or remote. Combines AML administration experience at Swiss Re with a foundation in Microsoft Excel, SQL, Python, and Power BI. Focused on statistical analysis, data visualization, and economic research to understand business performance and support financial decision-making. Works professionally with modern tools to optimize my work flow.

EDUCATION

Bratislava University of Economics and Business (EUBA) **Bratislava, Slovakia**
Bachelor's studies in Applied Economics *Sep 2025 – 2028 (expected)*
Additional courses: Financial Markets, Yale University (Economics 252).

TECHNICAL SKILLS

Data analysis and visualization: Microsoft Excel, Microsoft Power BI, statistical analysis, and data visualization. Programming and querying: SQL, Python, R. Analytical foundations: Quantitative methods, market analysis, and economic research. **Business knowledge:** Financial analysis, corporate finance, financial processes, and anti-money laundering (AML) administration. Collaboration: Client communication, requirements coordination, and project delivery.

WORK EXPERIENCE

Swiss Re. iptiQ **Bratislava, Slovakia**
Policy Administration Associate - AML Administration *Jun 2026 – Present*
- Support anti-money laundering administration within iptiQ, developing familiarity with financial processes, data accuracy, insurance policy administration and business operations in an international corporate environment.

TPC **Boryspil, Ukraine**
Client Manager *Jun 2024 – Aug 2024*
- Managed client relationships across 20+ media projects, clarifying requirements and communicating with clients from initial briefing through delivery.
- Coordinated timelines, deliverables, and production workflows across client projects, consistently meeting or exceeding deadlines. Aligned technical teams with client expectations and project requirements, overseeing production logistics from briefing to final delivery.
